WINDOW REPAIR / REPLACE COSTS

When there is damage to windows such as rot to sills and frames, repair may only be slightly less expensive than replacement due the labor costs. In these cases replacement may be the best option. If window maintenance has been neglected to a significant point, the labor cost of re-glazing and painting can also be about 2/3 or more of the cost of replacement if professionals do the work.

Vinyl Replacement windows (Typical double hung, casement or slider):
\$300.00 to \$450.00 per window

Bay / Bow Vinyl Replacement: \$1500.00 to \$3000.00 per window

Skylight: \$250.00 to \$500.00 per window – average size

Aluminum Storms: \$75.00 to \$175.00 per window

Replace thermal glass due to breakage or seal fail: \$100.00 to \$150.00 per window sash (average size).

Replace single pane glass: \$25.00 to \$100.00 per window sash (average size).

Re-glaze & Paint: \$75.00 to \$175.00 per window

Replace broken weighed sash cords: \$75.00 to \$150.00 per window

Actual prices can vary significantly depending on the contractor and area you live in. Obtaining at least three actual contractor prices is recommended before making decisions.
